

## September 9, 2017: Migratory March of the Monarchs

Butterflies are free! Join us as we explore the magnificent world of the beautiful and colorful Monarch butterfly. We will investigate their habitat, observe them in their natural environment, and learn how to create homes for Monarchs around your own yard.

## October 14, 2017: Nature's Colors

Our fall Science Explorers program will be packed with colors as we take in the changes in our environment, investigate with chromatography and leaves, try some natural tie dyes and create some cool art outside!

## November 11, 2017: "Fun"-omenal Physics

Join us for an exciting event of exploring the simple machines we use every day! We'll be creating our own catapult & pulley and experimenting with Archimedes' principle which has been around for a few thousand years!

Session times: 9am—noon. For Ages: 6-11

Location: South East Chester County Refuse, 219 Street Road, West Grove, PA 19390

To register for these Saturday programs, please call Science Explorers at 610-816-5047.

Please note: This program is possible because of a partnership between SECCRA and The SPARKS Foundation! The cost is only \$10 per child for each Saturday session.

**A limited number of spots are available for this program, so call today!**
